

SANDTON CENTRAL NEWSLETTER JUNE 2026

Winter is well and truly here, and there are plenty of ways to keep things warm, cosy and full of life in Sandton Central. Think winter woolies and comforting hot chocolates alongside hearty meals and welcoming spaces to gather and savour the season.

This June, we pause to reflect on Youth Month and what it means for all of us. Youth Day gives us a chance to remember the courage of the young people who shaped our country's history, while also celebrating the ambition and determination of the next generation as they carve out their own futures.

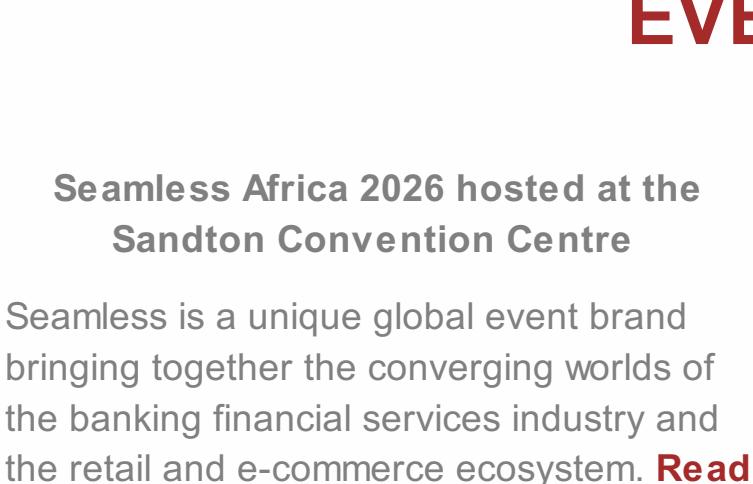

We'll be showing some love to all the dads this Father's Day. You'll find plenty of ways to spoil the father figures in your life right here in Sandton Central, from delicious dining to thoughtful gifts, while football fans can also enjoy the excitement of the FIFA World Cup, with a number of hotels hosting match screenings for a memorable celebration of the beautiful game.

With the shortest day and longest night of the year falling on 21 June, look out for our June stories and seasonal highlights covering Youth Day, Father's Day and the magic of mid-winter in the city.

As always, we'd love to help share your news, events and promotions. Please send your information to info@marketingconcepts.co.za so we can help spread the word.

Have a warm and wonderful June in Sandton Central.
